

Information for Customers

Rokuan Kuntoutus Oy / Rokua Health & Spa will participate in national energy saving due to increased energy costs starting from the beginning of 2023 as follows:

- 1) The lighting in the outdoor areas is switched off every day between 22:00 and 05:00.
- 2) The spa's 25-meter pool will be closed and emptied from the beginning of January until further notice. Other pools of the spa are in use.
- 3) Both steam saunas in the spa are not in use from the beginning of January until further notice. However, ordinary saunas are in use normally during the opening hours of the spa.

We apologize for the impact of energy savings on our services!
